**Section 1: General Information**

**Homeless Grants Program Essential Information**

The Homeless Grants Program follows the standards of the Emergency Solutions Grant (ESG) Program. The ESG program provides funding to: Engage homeless individuals and families living on the street; Improve the number and quality of emergency shelters for homeless individuals and families; Help operate these shelters; Provide essential services to shelter residents; Rapidly re-house homeless individuals and families; and Prevent families and individuals from becoming homeless.

At the City's discretion, applications may be awarded with City general funds or Emergency Solutions Grant (ESG) funds through the U.S. Department of Housing and Urban Development (HUD). If it is determined that the application will be funded with ESG funds, the applicant(s) will be notified of the additional information required and associated deadlines.

**Eligible Applicants**

The City of Knoxville is seeking non-profit agencies to carry out activities that work collaboratively with community efforts to reduce and prevent homelessness in the City of Knoxville, a priority goal under its PY2020-2024 Consolidated Plan.

Please see Part I. of the Homeless Grants Application – Threshold Requirements for a full listing of requirements. More generally, non-profit and other public agencies designated as a 501 (c) (3) or 501 (c) (4), and provide services inside the city of Knoxville, are eligible to apply for Homeless Grants funds. Each applicant must have the authority to submit the application and to carry out the proposed activity/project pursuant to its charter and by-laws.

**Eligible Projects/Activities**

Eligible activities provide homelessness services through one (or more) ESG Program Component Category(ies): Street Outreach; Emergency Shelter; Rapid Re-Housing; and Homelessness Prevention. Each of these Component Categories is a high priority objective in the City of Knoxville’s PY2020-2024 Consolidated Plan. See the Excel spreadsheet for a description of the requirements of each Component Category that will be used to determine project
eligibility. If an agency is submitting a request for activities in more than one Component Category, (for example Street Outreach and Rapid Re-housing), applicants will complete the associated worksheets for each, in the agency’s one application.

**Mandatory Technical Assistance Workshop**

Prior to submitting an application, all agencies are required to attend a Technical Assistance (TA) Workshop conducted by City staff. The Homeless Grants TA Workshop is scheduled for 9:00 AM on Friday, February 7, 2020, at the Public Works Service Center, 3131 Morris Avenue, Knoxville, TN 37909.

**Funding**

All Homeless Grants funded-agencies (aka subrecipients) shall comply with 2 CFR part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.”

The Homeless Grants program is operated on a reimbursement-only basis. The City of Knoxville will not advance funds, and agencies expending funds prior to July 1, 2020, (or outside of the agreement period between the City and agency) will not be reimbursed. Homeless Grants subrecipients may submit invoices for reimbursement monthly.

**Matching Funds**

All projects, whether locally- or HUD ESG-funded, are required to provide and document dollar for dollar ($1:$1) matching funds. Match may come from cash, in-kind services or donations, or a combination of cash and in-kind sources. For more information on matching fund requirements, see [www.hudhre.info](http://www.hudhre.info).

**Funding Release/Agreements**

Since the City may not know the amount of local funds nor the HUD ESG allocation prior to the release of its Draft Annual Action Plan, estimates of recommended funding, typically based on the current program year allocation, may be used. Annual Action Plans submitted to HUD must have actual dollar amounts for each recommended ESG-funded activity/project, and these recommendations are approved by Knoxville City Council before submission. HUD must then approve the City’s submitted Annual Action Plan with its recommendations for funding. Local fund awards will be known when Knoxville City Council passes its budget. All Homeless Grants subrecipients shall have agreements with the City of Knoxville, however, depending upon funding level, not all agreements require Knoxville City Council approval.

ESG funding is *anticipated* to be available on or around July 1, 2020. While all ESG-funded activities/projects should be designed to begin then, the City may decide to wait for HUD approval of its Annual Action Plan before executing an agreement with an ESG-funded agency.

All Homeless Grants-funded activities/projects are expected to conclude by June 30, 2021.
Homeless Management Information System (HMIS)

All Homeless Grants subrecipients are required to participate in the local Homeless Management Information System (KnoxHMIS). Participation in an approved, comparable database is acceptable if the agency is a domestic violence service provider receiving Violence Prevention and Services Act (FVPSA), Office for Victims of Crime (OVC), or Office on Violence Against Women (OVW). For more information see: https://www.hudexchange.info/resource/5743/hmis-when-to-use-a-comparable-database/ and https://www.hudexchange.info/programs/hmis/hmis-requirements/

KnoxHMIS is a linked database that helps providers of services, shelter, and housing for people experiencing homelessness to coordinate services. KnoxHMIS provides community-wide data on homelessness, as well as reporting information and measurements of success for individual agencies.

Performance

Homeless Grants subrecipients will be evaluated on their agreements in two main ways – progress on accomplishment goals and funding expenditures to meet their goals. Quarterly performance reports with KnoxHMIS-generated data are required for all activities/projects, as are completion reports. Request for reimbursement invoices from the agency to the City are used in conjunction with performance reports to measure progress toward meeting both the goals of the activity/project and expenditures. Timely expenditure of funds is expected, as spelled-out in each agreement, as are the costs being necessary and reasonable to accomplish goals. Additional reporting and/or information may be required depending on the scope of the activity/project.

The City conducts monitoring of Homeless Grants subrecipients in two ways – desk-monitoring (review of information available at City office) and more formal, on-site monitoring at the agency/service location. On-site monitoring may include a review of program, clientele, procurement, and financial files. If your agency is funded, more information about the monitoring processes will be provided.

General Regulatory Compliance

All activities/projects must comply with the federal regulations applicable to individual activities/projects. These regulations may include (but are not limited to): environmental review; federal procurement standards; Section 3 and Title VI; Fair Housing and Equal Opportunity regulations; lead based paint regulations; Davis Bacon and Related Acts; and federal fiscal/audit standards. Activities/projects are monitored through technical assistance, site visits, and formal on-site monitoring/file reviews.

City of Knoxville Insurance Requirements

These will be discussed in detail at the mandatory Homeless Grants TA Workshop.
Incomplete Applications

Once received, all grant applications will be screened for eligibility and completeness. Please make use of the Application Checklist provided to help you. Incomplete or ineligible applications will not be considered for funding.
