Appendix F – Neighborhood Survey

Appendix F

Neighborhood Traffic Safety Survey

A survey about speeding distributed to and filled out by your neighbors can:

a) focus attention on the issue of speeding and
b) help you design an anti-speeding education program tailored to the needs of your neighborhood.

With help from the Office of Neighborhoods, you can offer the survey below in hard copy form and online. The Microsoft Word version of this survey is available for download from www.knoxvilletn.gov/slowdown.

You will need to alter and customize this survey depending on whether or not you:

• Have a formal neighborhood organization,
• Wish to provide a prize or monetary incentive for neighbors to take the survey, and
• Give your neighbors the choice of taking the survey online or by filling out a hard copy version.

To use the online survey program offered free of charge by the Office of Neighborhoods, you must use the questions and format below. However, you can add two of your own questions if you wish. If you distribute the survey in hard copy form and also offer an online option, make sure the same questions are in both versions. For more, contact the Office of Neighborhoods at 215-3232.
Dear Neighbor:

*Organized Neighborhood Group Intro Paragraph*
Dear Neighbor:
Your neighborhood organization would like to hear your thoughts about traffic safety and speeding on our neighborhood streets.

*Unorganized Neighborhood Intro Paragraph*
Dear Neighbor:
As a group of your neighbors concerned about speeding in the neighborhood, we would like to hear your thoughts about traffic safety and speeding on our neighborhood streets.

Most of us speed at one time or another. Your responses to this survey will help us identify the educational resources we need as a neighborhood to help us all slow down, save lives, and create a more livable community.

By responding to this survey by **Deadline Date** you can participate in the drawing for a $____ coupon donated by ______________. [Use a drawing prize of your choice.]

Please answer all questions as honestly as possible. This is an anonymous survey. If you choose to enter the drawing, your name cannot and will not be associated with your answers to the survey itself.

You have two options for responding to this survey:

1) You can turn in this hard-copy version of the survey to the address listed at the end of this survey.

OR

2) You can take this very same survey online at this Web address: [[Obtain the address from the Office of Neighborhoods]]

Each member of your household is encouraged to take the survey. Non-drivers, including children, can respond to questions 2, 8, 11, and 14.

We ask that each person take the survey only once. This will help us obtain the most accurate picture of how we feel as a neighborhood about traffic safety and speeding.
Thank you for participating!

1. How often would you say you drive over the speed limit on residential streets?
   ___ Always
   ___ Often
   ___ Occasionally
   ___ Never

2. Do you think it is okay to speed on residential streets?
