LETTER FROM THE CHIEF

The Honorable Madeline Rogero
Mayor, City of Knoxville

Dear Mayor Rogero,

The Knoxville Police Department annually prepares a report on the activities and achievements of the department. It is with great pleasure that I present the Knoxville Police Department’s 2015 Annual Report.

During this past year, the department continued to focus on crime, traffic management and order maintenance. The Knoxville Police Department continued to be one of the top agencies in the state for crime clearance. During 2015, the department cleared 49.49% of Group A offenses committed in our jurisdiction. That compares to the state average of only 39%. In addition, members of the KPD effected 12,519 arrests this past year. Officers had more than 80,000 citizen contacts in 2015. Our officers only had to respond to resistance on 98 individuals. Officers did not have to use deadly force at all during 2015.

Several new initiatives were implemented in 2015. KPD was the first law enforcement agency in Tennessee to outfit officers with the opioid overdose lifesaving drug, Naloxone. Within 48 hours of deployment we saved the life of an overdose victim. Since then, several additional lives have been saved as a result of this program. Also in 2015, the department partnered with the White House Police Open Data Initiative to enhance trust and transparency with law enforcement while also creating an open data page on the KPD website. Additionally, KPD received the 7th Re-accreditation with the Meritorious Advanced Accreditation Award for Excellence from the Commission on Accreditation for Law Enforcement Agencies, Inc. (CALEA).

These are just a few examples of the exceptional work the men and women of the Knoxville Police Department do on a daily basis. As always, we look forward to continuing our positive relationship with you and City Council as we continue to improve the quality of life for the citizens of our great city.

Sincerely,

David Rausch
Chief of Police

Mission Statement
Pursuit of Excellence in Performance and Service

The Knoxville Police Department shall strive for excellence in performance and delivery of services to the total community. We will recruit, employ and maintain personnel who reflect high professional standards. The quality of performance will be evaluated by the department standards established to measure overall effectiveness. As we look to the future, it will be in a progressive and flexible manner that will meet tomorrow’s community needs.
Internal Affairs

The focus of the Internal Affairs Unit is to investigate and monitor allegations of misconduct that come from concerned citizens, employees and/or supervisory personnel within the city. While Internal Affairs is primarily focused on misconduct within the police department, the unit also conducts investigations within other city departments. The Internal Affairs Unit is committed to maintaining the integrity of the Knoxville Police Department and other city departments through fair and impartial investigations. In addition to conducting investigations, the Internal Affairs Unit also completes pre-employment background investigations on all police department employees and Knoxville firefighters. Upon request, this same service is extended to other departments within the city. The unit also administers and oversees the Professional Excellence Program.

In 2015, the Internal Affairs Unit received 189 additional phone calls, walk-ins, or e-mails that were addressed, but did not warrant an official investigation. In most of these cases the complainants were advised by a member of IAU or referred to the proper division or district. In some cases the complainants were referred to the appropriate agency when the subject of the complaint was not employed by KPD.

Public Information Office

The Public Information Office is staffed by one person. The department utilizes trained assistant public information officers that are assigned to various units. These officers have the responsibility of responding to media inquiries and providing access to information on a twenty four hour basis. In addition to daily updates provided to the media, more than 100 news releases and news conferences were given in 2015.
The Audit and Inspections Detail provides the Chief of Police, senior and mid-level managers, and first line supervisors with a means of regularly assessing the efficiency and effectiveness of the department and provides information necessary to affect change. Staff inspections promote an objective review of administrative and operational activities, facilities, property, equipment, and personnel outside the normal supervisory chain of command. Positive database search results are confirmed with the use of a comparison microscope. In 2015, over 1,001 microscopic comparisons were performed resulting in 112 positive matches. The Firearms Detail also assists area, state, and federal agencies with various firearms-related investigative issues, along with the sharing of investigative resources, such as the test firing tank and indoor range.

Fingerprint Detail

The Fingerprint Detail uses the nationwide-computerized Automated Fingerprint Identification System (AFIS) to assist officers and investigators in matching fingerprints to unidentified suspects and victims. The detail searches for evidence left behind by suspects at every crime scene. Collected latent prints are then hand entered into AFIS. The detail is responsible for matching the latent prints to the identified suspect. Other agencies throughout eastern Tennessee routinely call upon the detail to help identify victims and suspects in homicides and burglaries. In 2015, over 475 searches were conducted. There were 717 AFIS identifications made and 62 non-AFIS. A total of 343 individuals were identified in 2015.

Crime Scene Detail

Some of the forensic services provided by the Crime Scene Detail include: latent fingerprint identification, blood spatter analysis, firearms reconstruction, firearm bullet and shell casing matching and processing and preservation of evidence collected at crime scenes. Crime scenes may also be documented with photography, videotaping, field sketches and laser data plotting of crime scenes with the use of the Delta Sphere or Total Station instruments. The services provided by this detail support the officers, investigators, and court prosecutors during trials.

Organized Crime Unit

The Organized Crime Unit is comprised of the Narcotics Detail, Federal Task Forces and the Firearms Investigative Team. The Safety Education Unit has continued its partnership with LAMAR billboards and maintained its anti-bullying billboard campaign in and around Knox County, displaying powerful anti-bullying messages to motorists on the busiest highways in Knoxville. There are two new versions of the bulletin boards. The first features Chief David Rausch and Mayor Madeline Rogero with the children of KPD officers. The second features Chief Rausch and Mayor Rogero with students from Hardin Valley Academy’s Leadership class who were instrumental in the development of the anti-bullying public service announcements produced by KPD in 2014.

Most notably, the Safety Education Unit received the School Safety Council’s National Anti-Bullying Award in February as a result of their work to protect and educate students.

Anti-Bullying Initiative

Safety Education Unit began an anti-bullying initiative in 2012 with the assistance of a grant from the State of Tennessee. This initiative was implemented in 2013. The grant support of this initiative concluded in July. With the assistance of the University of Tennessee Social Work Office of Research and Public Service, a pre- and post-curriculum survey was constructed and administered

In July 2015, KPD conducted the first CARFIT program aimed at persons 50 years of age and older. The department partnered with State Farm Insurance and AAA to offer this educational program so that drivers in the community can have an opportunity to refresh safe and defensive driving practices and check how well their cars fit their person in an effort to reduce risk of crashes and increase driver’s safety. The Knoxville Police Department is one of only two departments in the United States that offer this program.

The Knoxville Police Department Training Academy hosted the 57th Citizens Police Academy graduating 21 new members. Neighborhood Watch programs forge partnerships between police and the community they serve and result in stronger, safer neighborhoods. The unit conducted 27 Neighborhood Watch meetings with 777 citizens in attendance.

National Night Out

The introduction of National Night Out began in 1984 and is an effort to promote involvement in crime prevention activities, police-community partnerships, neighborhood camaraderie and send a message to criminals letting them know that neighborhoods are organized and fighting back. The traditional “lights on” campaign and symbolic front porch vigils turned into a celebration across America with various events and activities including, but not limited to block parties, cookouts, visits from city and county officials and visits from law enforcement personnel in an effort to heighten awareness and enhance community relations. In 2015, there were 35 neighborhood watch groups that participated in National Night Out.

Digital imaging for the Department, data entry and telephone operator/receptionist responsibilities are also handled within the Records Unit.

The Knoxville Police Department was the first large agency to use the state’s computerized crash reporting program. This allows all of the officers to do their reports on their MDT’s thus reducing the turnaround time for making the report available to citizens and to send to the state. The Unit is also working toward using eCitation, an electronic citation program.

The Records Unit processed 22,742 transactions resulting in revenues of $128,528.84. Safety City

Safety City is a child-size city dedicated to saving the lives of our children. In September 2001, we began teaching second grade students about pedestrian, bicycle, passenger, and fire safety, as well as how to use E-911 properly. Safety City is open Monday through Friday from 8 a.m. to 4:30 p.m. Safety City continues to grow in number of children educated, as well as services offered.

In 2015, more than 17,600 attended Safety City through its various programs presented. Almost 7,000 students attended our second grade educational program.

During the summer months a modified educational program is conducted for groups from local churches, day cares, and scout troops. In addition during the summer, Safety City dedicates certain hours for families to enjoy the facility as a park. For about eight weeks, twice a week, families may bring their bikes and battery-powered vehicles, or just walk around the 11-acre site.

Safety Fairs

Safety City hosts two special events, which are offered primarily to teach participants the safety skills needed to safely ride their bikes in their communities. Children, accompanied by an adult, bring their own bicycles for a safety inspection and their helmets for proper fitting adjustments. The participants receive brief classroom instruction and then practice what they learned at various skills stations throughout the miniature city. In 2015, approximately 300 participated in the two events.
**Child Passenger Safety**

Currently, the Knoxville Police Department has 14 employees who have completed nationally recognized 32-hour Child Passenger Safety standardized training to become certified car seat technicians, one of whom is currently a certified instructor. In 2015, the Department conducted 12 child safety seat checkpoints. These checkpoints were held at 917 E. Fifth Ave. on the second Saturday of each month. At these checkpoints, certified technicians inspected about 300 car seats.

**Shoney’s Kid Care Program**

The Shoney’s Kid Care Program is part of a nationwide program with The National Center for Missing and Exploited Children. This program allows Safety City to participate with other organizations in order to promote child personal safety to preschool and school-aged children, as well as their families. During these events, KPD Explorers and Safety City personnel fingerprint children for parents to keep on file in case of an emergency. In 2015, two new locations were substituted to the three day event. Safety City was one of the new locations. About 900 children were fingerprinted.

**Fatal Vision Project**

The Fatal Vision Project is an interactive program demonstrating the effects of alcohol. The program uses specially made goggles that simulate three different levels of intoxication. Participants wear the goggles for a “clearer” understanding of alcohol’s impairing effects in a variety of situations. The goggles are utilized in classrooms, corporate safety programs and in DUI awareness efforts. These goggles are also utilized in the Tennessee Alcohol Servers Knowledge (TASK) classes as a demonstration of impairment and sellers and servers of alcohol. The unit also utilizes the concussion goggles to educate children of the symptoms of a concussion through simulation and explains how to seek medical treatment if children experience such symptoms.

**School Resource Officers**

The SRO program is designed to put a police officer in the Knox County middle and high schools located in the city of Knoxville. The SRO program’s primary goal is to provide for the safety and security of the students, faculty, staff, visitors, and parents. It also serves as a deterrent to crime in the school. The presence of the School Resource Officer on campus provides for a faster police response to incidents requiring police involvement, such as emergencies, criminal investigations and, when necessary, arrests.

When such incidents occur, the SRO is also better prepared to respond due to his or her familiarity with the school community and its daily operations.

In 2015, School Resource Officers conducted 75 ongoing thorough school security assessments while working very closely with Knox County School staff in order to improve safety. SROs also frequently visit elementary schools to provide those students, parents, and staff more safety and security. The KPD SRO program also assists with developing and implementing important training required by SRO Officers.

Additionally, the SRO program provides the students, faculty, and staff the opportunity to meet and interact with a police officer in a non-confrontational setting. The officers involved in this program serve as positive role models as well as a resource and mentor to students. They make themselves available for informal talks and serious conversations about student problems.

During 2015, the SROs assisted Patrol, the Criminal Investigation Division, Accreditation, and Confiscations during summer months and holiday seasons while schools were out of session. Duties include: answering calls for service, and assisting with investigations of open cases in Major Crimes, Property Crimes, Organized Crime and Juvenile squads within CID.
