1D. Continuum of Care (CoC) Project Review, Ranking, and Selection

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

1D-1 Describe the specific ranking and selection process the CoC uses to make decisions regarding project application review and selection, based on objective criteria. Written documentation of this process must be attached to the application along with evidence of making the information publicly available.
(limit 750 characters)

The CoC formed a ranking review committee (agreed to by all applicants) consisting of volunteer CoC members who did not have any conflicts of interest with CoC applicants. Applicants submitted project pre-ranking forms with information on projects, CoC participation, and assurances of compliance with standard policy requirements. KnoxHMIS created CoC Outcomes Report with the cooperation of applying agencies. The Ranking and Review committee used the submitted information and reports to complete standard ranking review forms to assess applicant performance over the previous year. The panel then used the results to consider, within the context of HUD and local priorities the rank-order of project applications to be included with the Consolidated Application.

1D-2 Describe how the CoC reviews and ranks projects using periodically collected data reported by projects, conducts analysis to determine each project’s effectiveness that results in participants rapid return to permanent housing, and takes into account the severity of barriers faced by project participants. Description should include the specific data elements and metrics that are reviewed to do this analysis.
(limit 1000 characters)
KnoxHMIS created a CoC Outcomes Report in cooperation with project applicants. This report included data elements and metrics from APRs as well as locally established priorities for consideration by the Ranking Review Panel. This information was used to complete a standardized review form for each project, and that information was then used to consider performance within the context of barriers faced by project participants, along with HUD and local priorities. Data elements and metrics reviewed included: TH placement in permanent housing; PH retention in housing; SSO client housing stability; HMIS data quality; TH/PH/SSO clients exiting with employment; TH/PH/SSO clients securing mainstream resources; HMIS trainings in Coordinated Assessment System; TH/PH/SSO success in housing the chronically homeless; HMIS AHAR participation; TH/PH use of bed capacity; SSO households served; HMIS recruitment of additional HMIS participating agencies; TH/PH/SSO HMIS data entry timeliness; TH/PH/SSO client income and exit destination data quality; HMIS compliance with Data Quality, Privacy, and Security Plans; TH/PH/SSO cost analyses for average length of stay, and cost per bed/service day.

1D-3 Describe the extent in which the CoC is open to proposals from entities that have not previously received funds in prior Homeless Assistance Grants competitions. (limit 750 characters)

It is the policy of this CoC that any CoC funding available for new projects be competitively available to all prospective applicants, including those entities that have not previously received funds in prior Homeless Assistance Grants competitions. The availability of funding for new projects is announced at CoC/Homeless Coalition meetings and through CoC public communications. For the 2013 process, no renewal applications were being required by the CoC to lose funding through reallocation, so no new funding was available for general consideration. (Note: two SSO projects are voluntarily redefining, through the reallocation process, their activities to Rapid re-housing, but they were not required by the CoC to do so, thus those funds were not released for open competition.)

1D-4 On what date did the CoC post on its website all parts of the CoC Consolidated Application, including the Priority Listings with ranking information and notified project applicants and stakeholders the information was available? Written documentation of this notification process (e.g., evidence of the website where this information is published) must be attached to the application.

01/30/2014

1D-5 If there were changes made to the ranking after the date above, what date was the final ranking posted?
1D-6 Did the CoC attach the final GIW approved by HUD either during CoC Registration or, if applicable, during the 7-day grace period following the publication of the CoC Program NOFA without making changes? Yes

1D-6.1 If no, briefly describe each of the specific changes that were made to the GIW (without HUD approval) including any addition or removal of projects, revisions to line item amounts, etc. For any projects that were revised, added, or removed, identify the applicant name, project name, and grant number. (limit 1000 characters)

1D-7 Were there any written complaints received by the CoC in relation to project review, project selection, or other items related to 24 CFR 578.7 or 578.9 within the last 12 months? No

1D-7.1 If yes, briefly describe the complaint(s), how it was resolved, and the date(s) in which it was resolved. (limit 750 characters)

2D-3 Describe the extent in which HMIS generated data is used to generate HUD required reports (e.g., APR, CAPER, etc.). (limit 1000 characters)
KnoxHMIS is entrusted as the primary source of information for HUD reporting in TN502. KnoxHMIS is fully capable to generate HUD required reporting for the CoC utilizing Bowman ServicePoint software reporting as well as custom reports. KnoxHMIS is responsible for aggregating all Emergency Solutions Grant (ESG) sub-recipient Consolidated Annual Performance and Evaluation Report (CAPER) data for the local ESG recipient to report in IDIS. KnoxHMIS also reports data for the HUD Annual Homeless Assessment Report (AHAR), HUD Housing Inventory Count (HIC), and HUD Point In Time Count (PIT)--all of which have been submitted to meet required deadlines. All TN502 HUD funded programs participate in KnoxHMIS and rely on KnoxHMIS to generate and monitor HUD Annual Performance Reporting (APR) and to assist with troubleshooting and ensure accuracy of reporting. In addition, KnoxHMIS assists other federally funded programs in reporting such as the Veterans Administration Supportive Services for Veterans and Families.

**2D-4 How frequently does the CoC review the data quality in the HMIS of program level data?**

Monthly

**2D-5 Describe the process through which the CoC works with the HMIS Lead to assess data quality. Include how the CoC and HMIS Lead collaborate, and how the CoC works with organizations that have data quality challenges.**

(Limit 1000 characters)

TN502 executive committee has high data quality standards and closely monitors the compliance of partner programs. TN 502 utilizes monthly data quality reports and HMIS committee written and oral reports in order to assess the CoC's progress in meeting strategic plan benchmarks. KnoxHMIS presents quarterly reports during the monthly CoC meeting regarding objectives and outcomes to assure that participating agencies are aware of their compliance.

KnoxHMIS is a member of the CoC Executive members and reports CoC challenges to the CoC executive leadership. If challenges with data quality are identified, KnoxHMIS notifies agency administration to develop a plan to improve data entry. If needed, site visits are increased and agency staff may be re-trained. KnoxHMIS will follow up with more frequent data quality reports to track progress on addressing challenges.

In addition, KnoxHMIS collaboratively works with the CoC executive leadership on the HIC, PIT, and AHAR. KnoxHMIS also collaborates to provide an annual needs gap analysis and develops custom reporting to assist with CoC applicant ranking.

2J-3 For each method selected, including other, describe how the method was used to ensure that the data collected on the sheltered homeless population count during the 2013 point-in-time count was accurate. (limit 750 characters)

HMIS: KnoxHMIS was utilized for the majority of sheltered PIT reporting as they maintain high data quality standards to ensure that HUD data elements are captured in a timely manner and that data is de-duplicated.

Follow-Up: KnoxHMIS maintains data quality through monthly and as needed data quality reports to all partner agencies. In the case where there are data quality challenges, KnoxHMIS follows up with the agency through site visits and develops a corrective action plan with the provider to ensure that data quality is improved quickly.

There was a slight increase in the unsheltered count in 2013 (143) over 2012 (133) (Resource: https://www.onecpd.info/resource/3692/fy-2013-hic-count-data-for-the-fy-2013-2014-nofa/). This was due to improved coverage of outdoor camp locations for an actual physical count. We do not believe this represents an actual increase in unsheltered persons, but rather better coverage for the count.

Public places count: This was conducted by experienced outreach social workers with a long-standing knowledge of existing camp locations. Current locations were scouted out in the time leading up to the PIT count, so that the physical count could be achieved rapidly on the night of the actual count.

HMIS: The families count was based on KnoxHMIS data, along with current data from the community’s most recent in-depth biennial survey on homelessness.

2N-2 If other, provide a detailed description. (limit 750 characters)

KnoxHMIS data and additional statistical survey data were used to extrapolate the unsheltered count for persons in families with children. Unsheltered individuals were counted through a "blitz" count.

2N-3 For each method selected, including other, describe how the method was used to reduce the occurrence of counting unsheltered homeless persons more than once during the 2013 point-in-time count. In order to receive credit for any selection, it must be described here. (limit 750 characters)

A public places "blitz" count was conducted by experienced outreach social workers with a long-standing knowledge of existing camp locations. Current locations were scouted out in the time leading up to the PIT count, so that the physical count could be achieved rapidly on the night of the actual count. Known locations were visited once shelters were closed and campers were settling in for the night. Only individuals were found and counted during the 'blitz,' so this did not result in any duplicate overlap in the families data, which was derived as described in 2N-2.
3A. Continuum of Care (CoC) Performance and Strategic Planning Objectives

Objective 1: Increase Progress Towards Ending Chronic Homelessness

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

In FY 2013, applications submitted to HUD for the Continuum of Care (CoC) Program will be evaluated in part based on the extent in which they further the achievement of HUD's goals as articulated in HUD's Strategic Plan and Opening Doors: Federal Strategic Plan to Prevent and End Homelessness (FSP). The first goal in Opening Doors is to end chronic homelessness by 2015. Creating new dedicated permanent supportive housing beds is one way to increase progress towards ending homelessness for chronically homeless persons. Using data from Annual Performance Reports (APR), HMIS, and the 2013 housing inventory count, complete the table below.

3A-1.2 Describe the CoC’s two year plan (2014-2015) to increase the number of permanent supportive housing beds available for chronically homeless persons and to meet the proposed numeric goals as indicated in the table above. Response should address the specific strategies and actions the CoC will take to achieve the goal of ending chronic homelessness by the end of 2015. (limit 1000 characters)

In 2014, this CoC will begin implementation of a new jurisdictional homelessness plan that seeks alignment with the Opening Doors plan, within the bounds of available resources. (Note: 48 CoC-funded PSH beds were incorrectly not identified as McKinney-Vento funded beds in the most recent HIC; that will be corrected this year and will shift those beds into the count for the data above.) Two SSO programs are using reallocation to redefine themselves as PSH/Rapid Rehousing, and will dedicate an additional 30 beds for persons in families meeting the definition of chronically homeless. Additional beds in those new RRH programs will also prioritize the chronically homeless. Finally, through the new jurisdictional plan, we will seek to encourage that additional beds be dedicated or at least prioritized for the chronically homeless.

3A-1.3 Identify by name the individual, organization, or committee that will be responsible for implementing the goals of increasing the number of permanent supportive housing beds for persons experiencing chronic homelessness. (limit 1000 characters)

The Mayor’s Roundtable on Homelessness will provide leadership in the implementation of the new jurisdictional homelessness plan to pursue the noted efforts (in 3A-1.2) to increase beds available for the chronically homeless. Knoxville-Knox County CAC will begin implementation of two new PSH/Rapid Rehousing programs, increasing beds dedicated, prioritized and available for chronically homeless families.

Applicant: Knoxville/Knox County CoC
Project: TN-502 CoC Registration FY2013

COC_REG_2013_085513
3A-2.3 Describe the CoC's two year plan (2014-2015) to improve the housing stability of project participants in CoC Program-funded permanent supportive housing projects, as measured by the number of participants remaining at the end of an operating year as well as the number of participants that exited from all CoC-funded permanent supportive housing projects to a different permanent housing destination. Response should address the specific strategies and actions the CoC will take to meet the numeric achievements proposed in the table above. (limit to 1000 characters)

At 87% housing stability, this CoC currently exceeds the HUD objective of 80%. Our CoC continues to prioritize permanent supportive housing projects for funding in the CoC competition. The CoC will continue to work with the PSH providers to emphasize the need to keep occupancy rates high, retention rates high, and the goal of assuring that program participate who leave should exit to appropriate permanent housing circumstances. Knoxville's new jurisdictional homelessness plan also emphasizes the same goals, and will reinforce the CoC's efforts in this regard.

3A-2.4 Identify by name the individual, organization, or committee that will be responsible for increasing the rate of housing stability in CoC-funded projects. (limit 1000 characters)

The CoC body and the Mayor's Roundtable on Homelessness will encourage and assist in efforts to maintain our housing stability rate in excess of HUD's target of 80%. Ultimately, it will be the CoC-funded PSH providers (Volunteer Ministry Center, Helen Ross McNabb Center, Southeastern Housing, and Positively Living) who will be responsible for maintaining their programs to continue their high level of achievement.

Objective 3: Increase project participants income

In FY2013, applications submitted to HUD for the Continuum of Care (CoC) Program will be evaluated in part based on the extent in which they further the achievement of HUD's goals as articulated in HUD's Strategic Plan and the Opening Doors: Federal Strategic Plan to Prevent and End Homelessness (FSP). Assisting project participants to increase income is one way to ensure housing stability and decrease the possibility of returning to homelessness. Using data from Annual Performance Reports (APR), complete the table below.

3A-3.4 Describe the CoC’s two year plan (2014-2015) to increase the percentage of project participants in all CoC-funded projects that increase their incomes from non-employment sources from entry date to program exit. Response should address the specific strategies and actions the CoC will take to meet the numeric achievements proposed in the table (3A-3.2) above. (limit 1000 characters)

The first step in increasing this figure is simply making program recipients aware that this is being measured, and that the 54% goal exists. This is a new measurement, and had not previously been identified as a goal in the HUD CoC process. The new jurisdictional homelessness plan does identify increasing non-employment income as a goal. Through emphasis on the issue in general and on further implementation of SOAR and other related initiatives, this CoC will work with recipient agencies to pursue the goals as identified above.

3A-3.5 Describe the CoC’s two year plan (2014-2015) to increase the percentage of project participants in all CoC-funded projects that increase their incomes through employment from entry date to program exit. Response should address the specific strategies and actions the CoC will take to meet the numeric achievements proposed in the table above. (limit 1000 characters)

The first step in increasing this figure is simply making program recipients aware that this is being measured, and that the 20% goal exists. This is a new measurement, and had not previously been identified as a goal in the HUD CoC process. At the current 17% measure, it should be possible to reach the goal through ongoing measurement and feedback to agencies tasked with reaching this goal. HMIS will begin reporting this measure to the CoC and to the Mayor’s Roundtable on Homelessness, which is charged with implementation of our new jurisdictional homelessness plan, which does identify increasing employment income as a goal. Through emphasis on the issue in general and on further implementation of employment readiness and related employment training initiatives, this CoC will work with recipient agencies to pursue the goals as identified above.
3A-3.6 Identify by name the individual, organization, or committee that will be responsible for increasing the rate of project participants in all CoC-funded projects that increase income from entry date to program exit. (limit 1000 characters)

KnoxHMIS will begin including this output measure in reporting to the CoC, recipient agencies, and to the Mayor's Roundtable on Homelessness. The Mayor's Roundtable and the CoC will emphasize these goals and will use the outcomes measurement to work with the recipient agencies (Volunteer Ministry Center, The Salvation Army, Positively Living, The Helen Ross McNabb Center, Knoxville Leadership Foundation, Catholic Charities, and Knoxville-Knox County CAC), which will ultimately be responsible for focusing their efforts on these goals.
3A. Continuum of Care (CoC) Performance and Strategic Planning Objectives

Objective 4: Increase the number of participants obtaining mainstream benefits

Assisting project participants to obtain mainstream benefits is one way to ensure housing stability and decrease the possibility of returning to homelessness. Using data from Annual Performance Reports (APR), complete the table below.

3A-4.3 In the table below, provide the total number of adults that were in CoC-funded projects that obtained the non-cash mainstream benefits from entry date to program exit, as reported on APRs submitted during the period between October 1, 2013 and September 30, 2013.
3A-4.4 Describe the CoC's two year plan (2014-2015) to increase the percentage of project participants in all CoC-funded projects that access mainstream benefits from entry date to program exit. Response should address the specific strategies and actions the CoC will take to meet the numeric achievements proposed in the table above. (limit 1000 characters)

This CoC is reporting 70% of project participants in all CoC-funded projects are accessing mainstream benefits. This exceeds HUD’s target of 56%. This CoC will continue to emphasize the importance of this measure by using this indicator in the review process for CoC applications. Additionally, the new jurisdictional homelessness plan also emphasizes the importance of access to mainstream benefits, and as such will encourage service providers to continue to assist program participants in gaining access to these resources.

3A-4.5 Identify by name the individual, organization, or committee that will be responsible for increasing the rate of project participants in all CoC-funded projects that access non-cash mainstream benefits from entry date to program exit. (limit 1000 characters)

Both the Mayor's Roundtable on Homelessness and the CoC will continue to work with service providers to prioritize this objective, and to assist agencies in continuing to exceed HUD's 56% target. Ultimately, it is the responsibility of each CoC-funded provider (Positively Living, Catholic Charities, Helen Ross McNabb Center, Knoxville Leadership Foundation, Knoxville-Knox County CAC, Volunteer Ministry Center, and The Salvation Army) to assist their residents and clients in gaining access to these resources.
3A. Continuum of Care (CoC) Performance and Strategic Planning Objectives

Objective 5: Using Rapid Re-Housing as a method to reduce family homelessness

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

In FY2013, applications submitted to HUD for the Continuum of Care (CoC) Program will be evaluated in part based on the extent in which they further the achievement of HUD’s goals as articulated in HUD’s Strategic Plan and the Opening Doors: Federal Strategic Plan to Prevent and End Homelessness (FSP). Rapid re-housing is a proven effective housing model. Based on preliminary evidence, it is particularly effective for households with children. Using HMIS and Housing Inventory Count data, populate the table below.

3A-5.1 Objective 5: Using Rapid Re-housing as a method to reduce family homelessness.

<td>Enter the total number of households with children that are assisted through rapid re-housing projects that do not receive McKinney-Vento funding.</td>

</tr>
</tbody>
</table>

3A-5.2 Describe the CoC’s two year plan (2014-2015) to increase the number homeless households with children assisted through rapid re-housing projects that are funded through either McKinney-Vento funded programs (CoC Program, and Emergency Solutions Grants program) or non-McKinney-Vento funded sources (e.g., TANF). Response should address the specific strategies and actions the CoC will take to meet the numeric achievements proposed in the table above. (limit 1000 characters)
Knoxville-Knox County CAC is seeking funding in the current year's CoC application for two rapid re-housing projects, which are designed to serve a total of 200 households per year. This CoC is fully supporting these applications and expect to support renewal funding for the RRH projects in 2015. In the coming year, this CoC will review opportunities for additional non-McKinney-Vento funded rapid-re-housing activities, and if any can be developed will revise upward the goals for that in the coming year.

3A-5.3 Identify by name the individual, organization, or committee that will be responsible for increasing the number of households with children that are assisted through rapid re-housing in the CoC geographic area. (limit 1000 characters)

The Knoxville-Knox County Community Action Committee is seeking new funding (through reallocation) for two rapid-rehousing projects designed to serve 200 households per year.

3A-5.4 Describe the CoC’s written policies and procedures for determining and prioritizing which eligible households will receive rapid re-housing assistance as well as the amount or percentage of rent that each program participant must pay, if applicable. (limit 1000 characters)

Specific eligibility and prioritizing policies and procedures for ESG rapid re-housing subrecipients are included in the City of Knoxville's Annual Action plan, and in subrecipient ESG contracts. The policy describes eligibility based on homeless status, income requirements, and states priorities for families, children, and victims of domestic violence. Duration of rental assistance for the program is defined. Minimum habitability standards for housing supported with rental assistance are indicated. These standards, including any set for program participants' responsibilities for portions of rent payments, adhere to, and reflect back on HUD's own ESG regulations governing these concerns.

3A-5.5 How often do RRH providers provide case management to households residing in projects funded under the CoC and ESG Programs? (limit 1000 characters)

RRH providers provide case management services to households based on each program recipient's needs, as determined through intake screening and establishment of an individualized case plan, but at least on a monthly basis in the service provider's offices for the first six months after placement into housing, and also by phone contact a minimum of monthly for the same duration. In most cases, participants were followed up for 12 months, to ensure all goals are met, housing is stable, and no additional assistance is needed. Case managers work hard on the front-end to be sure housing placements are affordable and energy efficient, thus increasing housing stability rates. When possible, case managers collaborate with the local PHA to make placements into section 8 weatherized properties. Programs follow ESG and local RRH standards for eligibility, placement and case management, as described in all ESG subrecipient contracts and the local Annual Action Plan.
3A-5.6 Do the RRH providers routinely follow up with previously assisted households to ensure that they do not experience additional returns to homelessness within the first 12 months after assistance ends? (limit 1000 characters)

Rapid rehousing providers will routinely follow up with previously assisted households, on a schedule determined by case plans and experience with each household. Case managers will close out the cases at the end of 6 months, but will make phone contacts after closure to attempt follow up at 8, 10, 12 months to ensure clients are still stably housed. Additionally, as with other types of programs, HMIS is used to identify if, after program exit, clients resurface as homeless within the system.
3B. Continuum of Care (CoC) Discharge Planning: Foster Care

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

3B-1.1 Is the discharge policy in place mandated by the State, the CoC, or other?
State Mandated Policy

3B-1.1a If other, please explain.
(limit 750 characters)

3B-1.2 Describe the efforts that the CoC has taken to ensure persons are not routinely discharged into homeless and specifically state where persons routinely go upon discharge.
(limit 1000 characters)

The Tenn. Chafee Foster Care Independence Act and Dept. of Children's Services(DCS) Practice Models formalize transition planning beginning at age 14 for youth aging out of foster care. Permanency Planning, including housing, is addressed in an Individual Program Plan, as are job training, placement and retention, continued education, community support services, family counseling, therapy, and alcohol and drug treatment. Family team meetings are scheduled 6 months before discharge, and one is convened 30 days before a youth exits custody. These have been effective in preventing discharge to the streets. Post-Custody Services include housing help, case management, money for education and job training, and other Independent Living Services, up to age 21. Of youth exiting care at 18, most return to their family of origin throughout the state. Others go to educational programs with housing, or use a DCS federal waiver to stay in foster care if they will graduate before age 19.

3B-1.3 Identify the stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from a system of care are not routinely discharged into homelessness.
(limit 1000 characters)

The Tennessee Department of Children's Services has opted in to the federal Fostering Connections, which allows reimbursable foster care payments to continue after age 18 for housing, education, health & other supports. Additionally, CoC member agency Helen Ross McNabb Center operates a number of programs designed to assist young people who are making the transition out of foster care, as well as those who have already left the system. Programs include transitional living for at-risk youth, as well as financial and life-skills training programs designed to help youth gain the skills and stability needed to successfully make the transition into adulthood.
3B. Continuum of Care (CoC) Discharge Planning: Health Care

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

3B-2.1 Is the discharge policy in place mandated by the State, the CoC, or other? Other

3B-2.1a If other, please explain.
(limit 750 characters)
Within this CoC, there is no controlling authority with the power to mandate that no one be discharged into homelessness from healthcare settings such as hospitals. It is nonetheless the policy of the local discharging institutions that every effort be made to find an appropriate setting for discharging their patients. It is also a stated goal of the new jurisdictional plan that medical patients not be discharged into homelessness.

3B-2.2 Describe the efforts that the CoC has taken to ensure persons are not routinely discharged into homeless and specifically state where persons routinely go upon discharge.
(limit 1000 characters)
CoC member agencies such as Knox Area Rescue Ministries, Helen Ross McNabb Center, Knoxville-Knox County CAC and others routinely work with social workers in the discharging institutions to assist with appropriate discharge planning. Patients often leave to live with family members of friends, whenever possible. When other resources have been exhausted, the healthcare facilities' discharge planners work with transitional housing agencies, nursing homes and other programs to ensure patients are not discharged directly to the streets.

3B-2.3 Identify the stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from a system of care are not routinely discharged into homelessness.
(limit 1000 characters)
The primary stakeholders responsible for ensuring that persons are not routinely discharged into homelessness are the hospitals and medical facilities themselves. The hospitals employ discharge planners, social workers and patient advocates who seek appropriate settings for their patients upon release. The second line of defense are social service agencies such as Knox Area Rescue Ministries, Helen Ross McNabb Center, Knoxville-Knox County CAC and others who routinely work with social workers in the discharging institutions to assist with appropriate discharge planning.

3B-3.1 Is the discharge policy in place mandated by the State, the CoC, or other?  
State Mandated Policy

3B-3.1a If other, please explain.  
(limit 750 characters)

3B-3.2 Describe the efforts that the CoC has taken to ensure persons are not routinely discharged into homeless and specifically state where persons routinely go upon discharge.  
(limit 1000 characters)

In 2012, the state-funded mental hospital in this CoC was closed, and its budget shifted to fund contracts with private mental health providers in East Tennessee. As part of this reorganization, the state is funding the Inpatient Targeted Transitional Support (ITTS) program. These funds provide transitional resources for persons leaving inpatient treatment so that discharge planners and social workers can help patients find and establish themselves in stable, permanent housing. The CoC committee chair has been directly involved in the process for establishing and reviewing and adjusting the ongoing implementation of this new program. As such, with this resource, patients routinely go to permanent housing, or to short-term transitional housing pending ITTS resources assisting in the establishment of permanent housing.

3B-3.3 Identify the stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from a system of care are not routinely discharged into homelessness.  
(limit 1000 characters)

Representatives of the Tennessee Department of Mental Health, Ridgeview Psychiatric Hospital, Peninsular Psychiatric Hospital, Helen Ross McNabb Center and this CoC meet monthly to monitor the implementation of the ITTS program to assure its success in seeing that patients are not discharged into homelessness.

CoC member agencies work with the Tennessee Department of Corrections to implement its extensive policies and procedures for discharge and inmate transition back into the community. Mandated Pre-Release Services include types of rentals available, avenues of assistance, methods of financing, and the need to plan for appropriate housing. Pre-release Counselors help inmates get documents needed for housing, such as social security card, birth certificate, and driver's license. The TN Reentry Collaborative (TREC) includes 13 state government departments & community agencies and hosts videoconferences quarterly to prevent homelessness of people discharged. One TREC result is TNHousingSearch.org - a free rental housing database where special needs populations, including ex-offenders, can search for housing. Persons leaving corrections routinely go to mandated halfway houses or transitional settings, or to private housing arranged through their corrections release plan.

**3B-4.3 Identify the stakeholders and/or collaborating agencies that are responsible for ensuring that persons being discharged from a system of care are not routinely discharged into homelessness.**
(limit 1000 characters)

The Community Law Office and the Helen Ross McNabb Center provide social workers to serve indigent clients in the local county jail. These programs coordinate directly with other providers to assist clients with access to needed services and housing upon discharge. These agencies as well as Knoxville-Knox County CAC and others also work with the Tenn. Department of Corrections to help assure that prison release plans do not result in discharge into homelessness.
3C. Continuum of Care (CoC) Coordination

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

3C-1 Does the Consolidated Plan for the jurisdiction(s) within the CoC’s geography include the CoC’s strategic plan goals for addressing and ending homelessness?
Yes

3C-1.1 If yes, list the goals in the CoC strategic plan. (limit 1000 characters)
Increase the supply of permanent supportive housing for persons who are chronically homeless through rehabilitation or new construction.
Provide supportive services for persons who are homeless or at risk of becoming homeless.
Provide supportive services, operations and essential services for homeless transitional housing facilities with the goal of placing persons in permanent housing.

3C-2 Describe the extent in which the CoC consults with State and local government Emergency Solutions Grants (ESG) program recipients within the CoC’s geographic area on the plan for allocating ESG program funds and reporting on and evaluating the performance of ESG program recipients and subrecipients. (limit 1000 characters)
The City of Knoxville Community Development Department is the formula ESG recipient for this CoC. The Community Development Department also serves as the Collaborative Applicant for this CoC. The CoC coordinator works with the ESG coordinator to develop the ESG subgrantee selection process (including FY 2012 and FY 2013) and assists with selection of ESG subgrantees. ESG program goals and strategies are aligned with both CoC goals and strategies as well as those of the jurisdictional homelessness plan. ESG projects are measured and evaluated based on those common goals and strategies.

3C-3 Describe the extent in which ESG funds are used to provide rapid re-housing and homelessness prevention. Description must include the percentage of funds being allocated to both activities. (limit 1000 characters)
2012 ESG funding in this CoC expended 22% for homelessness prevention activities and 22% for rapid rehousing programming. 2013 ESG funding in this CoC expends 30% for homelessness prevention subrecipient programming, and 15% for rapid rehousing programming. Funding allocation decisions are made based on HUD and local priorities as they can be applied to subrecipient ESG grant applications as received. ESG applications ask prospective subrecipients to propose activities in response to stated priorities, goals and objectives. Subrecipient grantees are then selected, based on competitive measures of the applications received.

3C-4 Describe the CoC's efforts to reduce the number of individuals and families who become homeless within the CoC's entire geographic area. (limit 1000 characters)

This CoC and the local jurisdictional homelessness plan place an emphasis on homelessness prevention. The City of Knoxville provides local funding to support a highly successful homelessness prevention targeted case management program in four public housing locations that serve the elderly and persons with disabilities. As the Consolidated Plan jurisdiction and ESG formula recipient, the City of Knoxville also prioritizes homelessness prevention programming with ESG funding. In its Analysis of Impediments to Fair Housing, the City of Knoxville noted zoning and site selection as well as access to the lending market as possible barriers to fair housing. The Consolidated Plan includes efforts such as fair housing education and outreach as well as support for programs that increase individuals and families’ access to capital and affordable housing. Finally, the same office serves as CoC Collaborative Applicant and ESG formula recipient, and as such, the emphasis on homelessness prevention is highly coordinated between the two programs.

3C-5 Describe how the CoC coordinates with other Federal, State, local, private and other entities serving the homeless and those at risk of homelessness in the planning and operation of projects. (limit 1000 characters)

Positively Living, one of the current CoC recipients also administers the HOPWA program in Knoxville, coordinating these resources to best serve the target population. Families First is Tennessee’s version of the TANF program, and this CoC ensures that screening for Families First eligibility is included our common intake and assessment process. Helen Ross McNabb Center is an active participant and recipient of CoC funding, and also administers Runaway and Homeless Youth programming in Knoxville. These programs are represented and coordinated through CoC planning activities. Likewise Knoxville-Knox County CAC is both a CoC participant and recipient, and also administers and coordinates the Head Start Program locally. Finally, through the Mayor's Roundtable on Homelessness, the City of Knoxville is taking an active leadership role in administering our new jurisdictional plan on homelessness. The plan's central tenets are focused on the coordination and collaboration among all of the above resources as well as philanthropic organizations and foundations and other programs in order to pursue a common set of goals and strategies designed to prevent, reduce and end homelessness.
3C-6 Describe the extent in which the PHA(s) within the CoC's geographic area are engaged in the CoC efforts to prevent and end homelessness. (limit 1000 characters)

Knoxville's Community Development Corporation (KCDC) is the PHA for this CoC. KCDC is fully engaged with CoC programming and activities has active and ongoing membership in the CoC organization. KCDC is also a full partner in the jurisdictional homelessness plan. KCDC includes homeless preferences for prioritizing access to public housing. KCDC has also project-based section 8 vouchers for several new permanent supportive housing developments serving the chronically homeless within this jurisdiction. In addition, KCDC coordinates with the Veterans Administration to administer increasing numbers of HUD-VASH vouchers, ending homelessness for veterans and their families in Knoxville.

3C-7 Describe the CoC's plan to assess the barriers to entry present in projects funded through the CoC Program as well as ESG (e.g. income eligibility requirements, lengthy period of clean time, background checks, credit checks, etc.), and how the CoC plans to remove those barriers. (limit 1000 characters)

Locally created barriers to program entry have not been a significant problem for CoC and ESG programs in Knoxville. This CoC and our jurisdictional homelessness plan emphasize the maximization of limited resources to create and maintain forward momentum for those seeking help. It is more typical for program entry barriers to be derived from the specific requirements attached to non-locally funded activities. Through CoC coordination and multi-agency networking, as well as the ramping up of our HMIS-based coordinated intake and assessment process, this CoC is working to streamline the process by which people can be quickly matched and referred to the right resources to meet their specific needs.

3C-8 Describe the extent in which the CoC and its permanent supportive housing recipients have adopted a housing first approach. (limit 1000 characters)

Housing First has long been central to this CoC's approach to the provision of permanent supportive housing, particularly for the chronically homeless. The Housing First approach is currently being employed by all of this CoC's PSH recipients, as well as in other programming administered outside of CoC funding.

3C-9 Describe how the CoC's centralized or coordinated assessment system is used to ensure the homeless are placed in the appropriate housing and provided appropriate services based on their level of need. (limit 1000 characters)
TN502 CoC covers geocode 471014 and includes all Knox county zip codes. KnoxHMIS is utilized in the "no wrong-door" approach as outlines in 24 CFR Part 587 to increase the ease of accessibility. KnoxHMIS serves as the central resource for collaboration and coordination of efforts to determine appropriate services for those experiencing homelessness. CoC HMIS participating agencies utilize the HUD 40118 assessment as the uniform intake assessment. Program staff additionally utilize client entry/exit, services, and case plan history to determine eligibility and provide appropriate goals towards housing those experiencing homelessness. HMIS partner agencies are additionally piloting the Bowman ServicePoint referrals software to ensure that referrals are consistently completed across the CoC. To advertise the use of HMIS, individuals are informed at intake of the function and use of HMIS and are given the option participate. Additionally, a "Notice to Clients of Uses and Disclosures" is posted at each agency.

3C-10 Describe the procedures used to market housing and supportive services to eligible persons regardless of race, color, national origin, religion, sex, age, familial status, or disability who are least likely to request housing or services in the absence of special outreach. (limit 1000 characters)

This CoC is committed to providing housing and services to all who need them, regardless of race, color, national origin, religion, sex, age, familial status, or disability. The CoC/Homeless Coalition has, during the past year, provided information and training on the needs of a number of special needs or underserved populations in order to raise awareness and coordinate outreach and referrals to assure that individuals and families are able to access the resources they need.

3C-11 Describe the established policies that are currently in place that require all homeless service providers to ensure all children are enrolled in early childhood education programs or in school, as appropriate, and connected to appropriate services within the community. (limit 1000 characters)

Knox County Schools serve families within this CoC, and employ a full-time homeless liaison to ensure that children experiencing homelessness are enrolled in school and have access to resources to minimize disruption to their lives. Homeless service providers within this CoC fully coordinate with the schools' homeless liaison, and actively assist in coordinated efforts to ensure all impacted children receive and maintain access to educational opportunities. It is the policy of this CoC that these coordinated efforts continue.

3C-12 Describe the steps the CoC, working with homeless assistance providers, is taking to collaborate with local education authorities to ensure individuals and families who become or remain homeless are informed of their eligibility for McKinney-Vento educational services. (limit 1000 characters)
The Knox County Schools homeless liaison is a member of the CoC/Homeless Coalition, and coordinates with homeless service providers to assure that individuals and families are informed of and gain access to McKinney-Vento educational resources. Children who become homeless in Knox County receive services and transportation to their school of origin to assure educational continuity and to minimize disruption of their education and to avoid potential discrimination based on their homeless status. Homeless service providers cooperate well with the school liaison to assure that families' access to resources are well coordinated with their children's access to education.

3C-13 Describe how the CoC collaborates, or will collaborate, with emergency shelters, transitional housing, and permanent housing providers to ensure families with children under the age of 18 are not denied admission or separated when entering shelter or housing. (limit 1000 characters)

This CoC will review and adopt a written policy in the coming year to remind CoC member agencies of regulatory and legal requirements prohibiting the denial of admission to any family with a child under the age of 18, or of any member of the family, such as a teen-age boy. The jurisdictional homelessness plan also includes language seeking to address this issue.

3C-14 What methods does the CoC utilize to monitor returns to homelessness by persons, including, families who exited rapid re-housing? Include the processes the CoC has in place to ensure minimal returns to homelessness. (limit 1000 characters)

KnoxHMIS is used to monitor for individuals who have been exited from rapid rehousing, transitional housing, permanent supportive housing and other services and who subsequently reappear elsewhere in the CoC as homeless. This information is used to assess program outcomes and to provide feedback in order to identify systematic corrections that can be made to prevent this phenomenon.

3C-15 Does the CoC intend for any of its SSO or TH projects to serve families with children and youth defined as homeless under other Federal statutes? No

3C-15.1 If yes, describe how the use of grant funds to serve such persons is of equal or greater priority than serving persons defined as homeless in accordance with 24 CFR 578.89. Description must include whether or not this is listed as a priority in the Consolidated Plan(s) and its CoC strategic plan goals. CoCs must attach the list of projects that would be serving this population (up to 10 percent of CoC total award) and the applicable portions of the Consolidated Plan. (limit 1000 characters)
3C-16 Has the project been impacted by a major disaster, as declared by President Obama under Title IV of the Robert T. Stafford Act in the 12 months prior to the opening of the FY 2013 CoC Program Competition?  

No

3C-16.1 If 'Yes', describe the impact of the natural disaster on specific projects in the CoC and how this affected the CoC’s ability to address homelessness and provide the necessary reporting to HUD. (limit 1500 characters)
3D. Continuum of Care (CoC) Coordination with Strategic Plan Goals

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

In 2013, applications submitted to HUD for the Continuum of Care (CoC) Program will be evaluated in part based on the extent in which they further the achievement of HUD's goals as articulated in HUD's Strategic Plan and the Opening Doors: Federal Strategic Plan to Prevent and End Homelessness (FSP).

3D-1 Describe how the CoC is incorporating the goals of Opening Doors in local plans established to prevent and end homelessness and the extent in which the CoC is on target to meet these goals. (limit 1000 characters)

This CoC has developed a new, revised jurisdictional plan to address homelessness. This plan was developed both to address local priorities and also to align strategies with those of the Federal Strategic Plan. Through the recent construction of over 100 new units of PSH, and through a continued focus on housing the chronically homeless in existing units, coupled with supportive services, this CoC is actively pursuing a reduction of an end to chronic homelessness. Through implementation of an SSVF grant and through active use of HUD-VASH vouchers, this CoC is actively working to reduce and end homelessness among veterans. Through ESG and locally funded homelessness prevention efforts, through the conversion of two SSO programs to rapid re-housing for families, and through faith-based programs, this CoC is actively working to prevent and end homelessness for families, youth, and children. Finally, the new jurisdictional homelessness plan, led by the city Mayor, represents a shift from primarily addressing chronic homelessness to a comprehensive effort to seek an end to all types of homelessness in this CoC.

3D-2 Describe the CoC's current efforts, including the outreach plan, to end homelessness among households with dependent children. (limit 750 characters)

The Salvation Army, Family Promise, Knoxville-Knox County CAC, the Compassion Coalition, the Knox County Schools Homeless Liaison, Helen Ross McNabb Center and others actively coordinate efforts to reach out to at-risk and homeless families with children. Through prevention, transitional housing and rapid-rehousing efforts, this CoC is working to prevent and minimize the disruptive impact of homelessness on families with dependent children.
3D-3 Describe the CoC's current efforts to address the needs of victims of domestic violence, including their families. Response should include a description of services and safe housing from all funding sources that are available within the CoC to serve this population. (limit 1000 characters)

The Knoxville FJC is one of 15 Presidential Family Justice Centers in the country funded through the Office on Violence Against Women, Office of Justice Programs, United States Dept. of Justice. More than 60 governmental, non-profit, and medical agencies collaborate to provide a coordinated response for victims of family violence. Past ESG resources have supported the Family Crisis Center, a DV shelter and transitional program. Victims of domestic violence have immediate access to DV housing and resources through a 24-hour hotline and through the police. All programs are operated with the safety and privacy of DV survivors as the top priority.

3D-4 Describe the CoC's current efforts to address homelessness for unaccompanied youth. Response should include a description of services and housing from all funding sources that are available within the CoC to address homelessness for this subpopulation. Indicate whether or not the resources are available for all youth or are specific to youth between the ages of 16-17 or 18-24. (limit 1000 characters)

The Helen Ross McNabb Center operates a number of programs for unaccompanied youth, including the Youth Emergency Shelter, the Runaway Shelter, the Children and Youth Homeless Outreach Program, the "Street ART" youth outreach program, and the Youth LINC Transitional Living program. Catholic Charities operates Columbus Homes Childrens Services. All these programs are designed and coordinated to serve unaccompanied youth, to prevent and end homelessness, and are funded variously through federal, state, and local private and public resources. Different programs serve different age ranges, with various resources available for youth all the way to age 24.

3D-5 Describe the efforts, including the outreach plan, to identify and engage persons who routinely sleep on the streets or in other places not meant for human habitation. (limit 750 characters)

Helen Ross McNabb Center, Knoxville-Knox County CAC, Redeeming Hope Ministries, Lost Sheep Ministries, Volunteer Ministry Center and others operate street outreach programs. Outreach programs operate throughout the CoC geographic area. Outreach efforts are designed to seek out persons wherever they are, to begin to develop trust, offer resources, and engage people in programs to bring them in and move them forward into more stable, permanent living situations.
3D-6 Describe the CoC’s current efforts to combat homelessness among veterans, particularly those who are ineligible for homeless assistance and housing through the Department of Veterans Affairs programs (i.e., HUD-VASH, SSVF and Grant Per Diem). Response should include a description of services and housing from all funding sources that exist to address homelessness among veterans. (limit 1000 characters)

KCDC, the local PHA and the Veterans Administration are placing increasing numbers of veterans and their families in PSH through the HUD-VASH program. Volunteers of America locally operates the SSVF program (in cooperation with another nearby CoC), and is a full participant in the operation of this CoC. STEPS House operates the local grant-per-diem program, in cooperation with the local VA office. CoC and ESG programs operate cooperatively with VA-funded programs to assure that those who are eligible are referred to those specialized resources, freeing up non-VA resources to be used to assist other veterans, who remain a high priority for this CoC.
3E. Reallocation

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

3E-1 Is the CoC reallocating funds from one or more eligible expiring grant(s) into one or more new permanent supportive housing projects dedicated to chronically homeless persons? No

3E-2 Is the CoC reallocating funds from one or more eligible expiring grant(s) into one or more new rapid re-housing project for families? Yes

3E-2.1 If the CoC is planning to reallocate funds to create one or more new rapid re-housing project for families, describe how the CoC is already addressing chronic homelessness through other means and why the need to create new rapid re-housing for families is of greater need than creating new permanent supportive housing for chronically homeless persons. (limit 1000 characters)
This CoC has created over 100 new units of permanent supportive housing for the chronically homeless over the last several years, and continues as part of our jurisdictional homelessness plan, a commitment to address chronic homelessness. In this year’s competition, Knoxville-Knox County CAC is, through reallocation, redefining two SSO projects to become rapid rehousing for families. Functionally, these SSO projects were already operating in a very similar fashion to RRH, and already primarily serving families, so shifting these programs to RRH continues efforts to meet an identified need while better aligning these programs with HUD priorities and current CoC regulations.

3E-3 If the CoC responded 'Yes' to either of the questions above, has the recipient of the eligible renewing project being reallocated been notified? Yes
3F. Reallocation - Grant(s) Eliminated

CoCs planning to reallocate into new permanent supportive housing projects for chronically homeless individuals may do so by reducing one or more expiring eligible renewal projects. CoCs that are eliminating projects entirely must identify those projects.

Knoxville-Knox County CAC, the operator of Project SUCCEED has voluntarily elected to re-define this program as a Rapid Rehousing program through the reallocation process. This program was already operating in a manner functionally similar to RRH, and already serving families. Through consultation with the local HUD field office and this CoC, CAC arrived at the conclusion that this program would function more consistently with new HUD regulations as a RRH program. Eliminating SSO and adding RRH is also consistent with general HUD funding priorities.

4A. Continuum of Care (CoC) Project Performance

Instructions

For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

4A-1 How does the CoC monitor the performance of its recipients on HUD-established performance goals? (limit 1000 characters)

The CoC monitors recipient performance annually leading into the CoC application process. The CoC consults with the local HUD Field office to assesss monitoring fundings and spending timeliness. The CoC Ranking Review panel reviews recipient performance on data elements from project APRs and particularly on data elements applicable to the overall performance measures in the Collaborative Application. Where concerns are noted, recipients are asked to submit a performance improvement plan. Recipients who have been asked to create performance improvement plans are then required to submit quarterly reports on progress for subsequent review by the panel.

4A-2 How does the CoC assist project recipients to reach HUD-established performance goals? (limit 1000 characters)

Through the process described in 4A-1, the CoC Ranking Review Panel provides feedback to project recipients to help them pursue improvement goals. If needed, the CoC will work with HUD to secure technical assistance to address any issues for which the recipient is struggling to improve. CoC member agencies and individuals are primarily interested in current recipients achieving HUD-established performance goals and will work collaboratively to coordinate resources that will help recipients meet those goals. Nonetheless, the Ranking and Review panel also has the authority to recommend reallocation of CoC funds, if necessary, to assure that these resources are effectively used to serve clients in this community.

4A-3 How does the CoC assist recipients that are underperforming to increase capacity? (limit 1000 characters)

Through the process described in 4A-1 and 4A-2, the CoC Ranking Review Panel provides feedback to project recipients to help them pursue improvement goals. If needed, the CoC will work with HUD to secure technical assistance to address any issues for which the recipient is struggling to improve. CoC member agencies and individuals are primarily interested in current recipients achieving HUD-established performance goals and will work collaboratively to coordinate resources that will help recipients meet those goals. Nonetheless, the Ranking and Review panel also has the authority to recommend reallocation of CoC funds, if necessary, to assure that these resources are effectively used to serve clients in this community.
4A-4 What steps has the CoC taken to reduce the length of time individuals and families remain homeless?

The CoC monitors length of stay (LOS) for individuals and families annually in July and December through several methods. The CoC utilizes HMIS Bowman ServicePoint reporting to determine the average LOS for ES, TH, and PSH. Currently the average LOS is as follows: ES (46 days), TH (7 mos), and PSH (18mos). Because Bowman reporting does not delineate individuals and families, the CoC further utilizes custom HMIS reporting to more thoroughly review LOS for families (av LOS = 7mos). The CoC networking committee utilizes the families data for their annual families panel presentation during which needs and gaps are presented to the CoC for review and action. In addition, for CoC-funded projects, the CoC utilizes custom HMIS outcomes reporting to closely review the LOS and cost per stay of HUD funded CoC programs serving to evaluate their progress to reduce av LOS; recommendations are made from the CoC Ranking and Review Steering Committee.

Non-CoC funded projects are also included in the HMIS data, and the Mayor’s Roundtable on Homelessness will include this measure in assessing ongoing progress in implementing our new jurisdictional homelessness plan.

4A-5 What steps has the CoC taken to reduce returns to homelessness of individuals and families in the CoC’s geography?
(limit 1000 characters)

The CoC is increasingly using HMIS to capture instances where clients who have been exited from CoC programs and subsequently resurfaced as receiving services that indicate a return to homelessness. This CoC is particularly interested in using this measurement to understand the outcomes of transitional housing programs in order to assure that they are focusing the transition on successful placements into stable, permanent housing.

4A-6 What specific outreach procedures has the CoC developed to assist homeless service providers in the outreach efforts to engage homeless individuals and families?
(limit 1000 characters)

1. KnoxHMIS is working with participating agencies to create and implement a "no wrong door" intake and assessment system within HMIS, as well as an HMIS referral system to assure that as soon as they are engaged by a provider, individuals and families are able to quickly find the most appropriate resources.

2. Our primary (and privately funded) overnight shelter has just opened an outdoor courtyard that provides a safe, controlled space where individuals and families can begin intake and engagement with the local provider system. Local police are coordinating with this effort to separate and protect those who need and want assistance from "predators" who have traditionally used the area around the shelter to victimize the homeless and derail efforts to constructively engage them in the provider system.

3. The State Department of Mental Health has made available funding to assist homeless persons who are discharged from inpatient treatment to find and access permanent housing.
4B. Section 3 Employment Policy

Instructions
*** TBD ****

4B-1 Are any new proposed project applications requesting $200,000 or more in funding?  No

4B-1.1 If yes, which activities will the project(s) undertake to ensure employment and other economic opportunities are directed to low or very low income persons?
(limit 1000 characters)

4B-2 Are any of the projects within the CoC requesting funds for housing rehabilitation or new constructions?  No

4B-2.1 If yes, which activities will the project undertake to ensure employment and other economic opportunities are directed to low or very low income persons:
4C. Accessing Mainstream Resources

Instructions:
For guidance on completing this form, please reference the FY 2013 CoC Application Detailed Instructions and the FY 2013 CoC Program NOFA. Please submit technical question to the OneCPD Ask A Question at https://www.onecpd.info/ask-a-question/.

4C-1 Does the CoC systematically provide information about mainstream resources and training on how to identify eligibility and program changes for mainstream programs to provider staff? Yes

4C-2 Indicate the percentage of homeless assistance providers that are implementing the following activities:

<table>
<thead>
<tr>
<th>Activity</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>* Homeless assistance providers supply transportation assistance to clients to attend mainstream benefit appointments, employment training, or jobs.</td>
<td>100%</td>
</tr>
<tr>
<td>* Homeless assistance providers use a single application form for four or more mainstream programs.</td>
<td>100%</td>
</tr>
<tr>
<td>* Homeless assistance providers have staff systematically follow-up to ensure mainstream benefits are received.</td>
<td>100%</td>
</tr>
</tbody>
</table>

4C-3 Does the CoC make SOAR training available for all recipients and subrecipients at least annually? Yes

4C-3.1 If yes, indicate the most recent training date: 10/24/2013

4C-4 Describe how the CoC is preparing for implementation of the Affordable Care Act (ACA) in the state in which the CoC is located. Response should address the extent in which project recipients and subrecipients will participate in enrollment and outreach activities to ensure eligible households are able to take advantage of new healthcare options. (limit 1000 characters)
Tennessee Governor Bill Haslam has not yet submitted a plan to the US Department of HHS for Medicaid expansion. This is the resource under the ACA that would most likely impact individuals and families experiencing homelessness, and as such, is not currently available in Tennessee. There are advocates operating in the area to assist eligible individuals and families to apply for health insurance on the federal exchange, and CoC member providers are supporting this engagement effort when applicable.

4C-5 What specific steps is the CoC taking to work with recipients to identify other sources of funding for supportive services in order to reduce the amount of CoC Program funds being used to pay for supportive service costs?

(limit 1000 characters)

The CoC works directly with the City of Knoxville’s Office on Homelessness, which is coordinating implementation of a new community homelessness plan. Provision of coordinated social services and case management is a critical component of that community plan. Local funding has been allocated to provide for social services in two CoC-funded PSH projects as well as a case management project preventing at-risk disabled and elderly public housing residents from eviction and homelessness. The jurisdictional homelessness plan also emphasizes SOAR and other similar efforts to assist disabled individuals and families in gaining access to mainstream resources that can lessen reliance on CoC-funded supportive services. Additionally, two of the three current SSO projects in this CoC are using reallocation in this application to reconfigure those programs to provide Rapid Rehousing for families, effectively decreasing SSO funding in this CoC by 69%.

These Bylaws shall regulate the affairs of the Coalition, subject to the provisions of the Coalition's Charter and any applicable provisions of the Tennessee Nonprofit Corporation Act, Section 48-51-101 et seq., Tennessee Code Annotated ("T.C.A.").

SECTION II
OBJECTIVES AND PURPOSES

expenses incurred by an officer who is a part to a proceeding in advance of a final
disposition of the matter.

Hello, everyone...

My previous message was probably sufficient, but to be sure I meet HUD’s requirements for notification: Please consider this message as written notification that your applications will be included with this year’s CoC submission for Knoxville and Knox County. We did not receive any applications that we plan to reject and not include with the collaborative application.

Happy 2014, everyone!

I did get all of the expected CoC application drafts that you submitted, so we’ve met that internal requirement.

If you already know you want me to release your application back to you for tweaking prior to your final draft submission, just let me know by hitting “reply” (preferably not “reply all”) and let me know. Some of you may have already said something to that effect in other ways, but I’m just getting back after the holidays, so a “reply” reminder here will make sure I don’t forget.

As you would expect, there will be more to come with this process, but we’re off and running for 2014.

Thanks,

Mike Dunthorn
Just a quick reminder...

I will be looking for your initial draft of your CoC application to be submitted in esnaps by Monday, December 23.

I will be able kick your applications back to you if they need corrections or adjustments, but HUD is requiring us to have this internal deadline, so please be sure to hit ‘submit’ by Monday. If you have questions or difficulties, please don’t hesitate to contact me.

Subject: CoC info

All,

We are still waiting for HUD to publish the instructions for your agency CoC grant renewal applications. When they’re available, they should be linked from this page:

https://www.onecpd.info/resource/2910/coc-project-application-instructions-for-renewal-projects/

I’ve heard “mid-December” for when that will be available. That notwithstanding, I would like to set our intended deadline of December 23rd for submitting a substantially complete draft of your application in e-snaps. HUD is requiring us to set an internal deadline for this, and if it’s at all possible to accomplish, I would like to set it so that you are not stressing over this between Christmas and New Year holidays. If the late release of the instruction guide makes that impossible to accomplish, we’ll look at pushing the date back, but for now, let’s shoot for December 23. For those of you who have internal approvals required for submitting grants, please understand that this December 23⁴th deadline is for a (substantially complete) draft. It will be possible after that date for me to send the draft back to you for corrections and modifications, so you can feel comfortable submitting the draft while you are still seeking your approvals for the final submission.

Next, there will be a ranking of all applications. Like last year, there is a “Tier 1” funding level and a “Tier 2” funding level. HUD will fund all “Tier 1” renewals before coming back and funding “Tier 2” with any remaining money. At the most basic level, Tier 1 will be all applications in our ranking list whose budgets fall collectively within the first 95% of the total of all our renewals. An application that falls partly or fully into the remaining 5% will be considered for funding on
HUD’s second (Tier 2) pass at funding grants in this year’s CoC competition. Last year, all of our renewal applications, including the one that fell into Tier 2, were funded. There are no guarantees that this will be the case again, but it’s certainly possible, and we increase our chances the higher our overall CoC collaborative application score is. For a fuller explanation of HUD’s Tier 1 and Tier 2 process, see the CoC NOFA.

All that said, this means that we will have to rank-order all of our renewal applications. Unlike last year, we have had more time to develop a full process for ranking the applications. We owe considerable thanks to Tammy Lynn for taking the lead on creating the attached project review sheets that will help our ranking panel figure this out. The panel will be made up of CoC/Homeless Coalition members who have volunteered to help with this. Panel members do not work for any applying agency or serve on any applying agency’s board. Once we’ve got the panel’s membership fully lined up, I’ll share that roster with all of you, and you will have the opportunity to raise any concerns if you feel there might be a conflict of interest that we haven’t identified. I will be advising the ranking panel, but will not be a member.

Please review the attached draft forms that we intend to use for the ranking panel review, and let me know one way or another if you feel they are reasonable and fair at assessing your renewing program. It would probably be a good idea to take a practice run at filling them out for your agency’s applications. We have tried to structure the forms to enable some kind of comparison of the different kinds of programs that each of you represent. For many questions on these sheets, the information sought directly relates to questions that are part of the consolidated CoC application and therefore can affect our overall score. If you find any issues where you don’t think the forms properly capture your agency’s outcomes, please let me know by the Tuesday, December 10th, so that we can consider correcting the forms so that they are as fair as possible. These will be used as a tool in the ranking process, but won’t be the solitary factor in determining the final rank-order of our CoC applications.

I will keep you posted as we work through this process. As always, feel free to contact me with any concerns or questions.

Thanks,
Mike Dunthorn

Subject: FW: The FY 2013 - FY 2014 CoC Program Competition is Now Open

All,

See below for HUD’s announcement of this year’s CoC competition. I haven’t even gone through it myself, yet, but I wanted to be sure you have the heads-up. As you will see, HUD’s final deadline is February 3, 2014. As always, we will not be waiting until the final deadline. Additionally, the process will likely require that each of the individual agency applications be completed and submitted well ahead of that, anyway. Once I’ve had a chance to go through the funding announcement, I will propose a timeline for completing the process, and will work with all of you to get us across the goal line. Tammy Lynn, if you’re still willing, I would be grateful for your assistance in reviewing the application and figuring out that timeline.

Once again, we’re off to the races. Have a great weekend everyone.

Mike Dunthorn
