

Knoxville Solar Tour & Fair

October 3rd 2009

Tour Sites open 10:00am- 4:00pm

Knoxville Solar Fair open 9:00 am – 5:00 pm

Krutch Park Extension, near Market Square in Downtown Knoxville

Spend the first weekend in October seeing Solar energy in action! Start the day with a free educational workshop about solar energy at the East Tennessee History Center, then stop by Krutch Park to talk one-on-one with local solar industry experts and companies.

Throughout the day, local homes and businesses that have already "gone solar" will be open for visitors on the self-guided "Solar Tour" to learn more about installed solar energy systems. Limited transportation from Krutch Park to several of the Solar Tour sites will be available.

This event is held as part of the American Solar Energy Society's National Solar Tour and is sponsored by the City of Knoxville's Solar America Cities Program and local solar industry companies and organizations.

For questions email gil@cleanenergy.org.

AGENDA For the Solar Tour & Fair

9:00am– 5:00pm: Solar Fair, *Krutch Park Extension in Downtown Knoxville*

9:30am: "Solar 101" Workshop, *East Tennessee History Center Auditorium*
